Lady Antebellum - Compass

```
F - C - G
F - C - G

F           C              G
Yeah, it's been a bumpy road
F       C                  G
Roller coasters high and low
F          C               G
Fill the tank and drive the car
       Am            F
Pedal fast, pedal hard
           C              C
You won't have to go that far

Dm*                 C*         F*
You want to give up 'cause it's dark
Dm*                    C*  F*       G
We're really not that far apart

                F          C           G                    Am
    So let your heart sweetheart be your compass when you're lost
                 F          C          G
    And you should follow it wherever it may go
             F          C          G          Am
    When it's all said and done, you can walk instead of run
              F          C            G
    'Cause no matter what, you'll never be alone
             F    C   G
    Never be alone
     Am       F   C   G
    Never be alone

N.C
Forgot directions on your way
F              C             G
Don't close your eyes don't be afraid
F           C           G
We might be crazy late at night
        Am           F
I can't wait till you arrive
      C                  G
Follow stars you'll be alright
